Build A Diverse Team

Title	Duration (minutes)	Author	Course Description
• Manage Diversity In Your Workplace	70	ISEAZY SKILLS	In this course, you'll learn the key points to enhance the basic abilities and knowledge required to work and manage diverse and inclusive environments that help to promote innovation, creativity and efficiency, and prevent discriminatory or exclusionary behaviour.
• Developing a Working Culture That Includes Diversity	22	Skilla	Have you ever seen the differences in others as an obstacle? Have you ever thought that the diversity represents a great opportunity, both for you and your company? In this course, you will discover that every individual, if given the opportunity to express their skills, is able to contribute to the organisation.
• Diversity Management	23	Skilla	Each person is unique; each person perceives the world around him and acts differently. This can sometimes lead to misunderstandings, closed attitudes and inflexibility. In this course, we will look at how diversity is actually an asset, both for us and the company for which we work.
• Effective Dispersed Teams	15	The Access Group	This course covers the different aspects of working as part of a dispersed team. The course explores communicating within a team and between management, interacting during virtual meetings as well as the health and safety considerations employers and employees need to think about.
• Promoting Diversity in Work Groups	21	Skilla	In this course, we will see why diversity management is an emerging topic for organisations. We will focus on what it means to adopt an inclusive leadership style as well as on skills and behaviours to value individual differences in the workplace.
• Improve Your Intercultural Competence to Work in Diverse Environments	70	ISEAZY SKILLS	In this course, you'll learn the key points for improving your self-knowledge and intercultural awareness to overcome your own biases and learn how to adapt to working in diverse and multicultural environments, and also foundations for improving your interpersonal relationships with those from other generations, nationalities, cultures, etc.
• Improving Group Dynamics (UK)	27	Kallidus	Explore how group dynamics can affect individual performance and learn how to help your team members contribute and participate. See how to improve your team's ability to collaborate by improving internal relationships and valuing the different roles team members adopt.
• Inclusion of People With Disabilities in the Team	70	ISEAZY SKILLS	In this, you'll learn the keys to include people with disabilities in your company and be able to create inclusive teams.
• Successfully Leading In Diversity	70	ISEAZY SKILLS	In this course, you'll learn the key points for enhancing the ability to lead diverse teams, thereby promoting inclusive environments and teams.
• The Team and Its Dynamics	23	Skilla	Do you feel that your team is not close-knit? Do conflicts which seem irreconcilable often arise? Does it seem to you like everyone wants to impose themselves on the others? In this course, you will see how to overcome your "I" to become a "we."
