

Storytelling – Presentation Skills

Title	Duration (minutes)	Author	Course Description
• Impactful Presentation Skills	12	Management Pocketbooks	In this course, you'll learn different approaches you can use when giving a presentation, along with the five do's and don'ts of presenting. You'll also learn ways to create a memorable virtual presentation. By the end of this course, you'll be able to bring your boldest presence to the stage to impact and engage your audience.
• Three Thought-Provoking Questions for Your Next Presentation	20	Madecraft	In this course, Rachel Staples Guettler, organizational leadership expert, will dive into the three thought-provoking questions guaranteed to foster engagement, discussion and a deeper understanding of your presentation topic. No matter what field you work in, these questions will ensure your participants leave with a complete understanding of your presentation.
• Overcoming Public Speaking Anxiety	65	Madecraft	In this course, you'll learn effective use of gestures, facial expressions, eye contact, and slide decks. You'll also discover how to recover from mistakes, practice your speech, handle Q&A, analyze your audience, and manage anxiety.
• Craft Presentations that Condense Content and Improve Impact	58	Madecraft	In this course, public speaking coach Lisa Braithwaite teaches how to condense your content into impactful micro-presentations. She covers the core elements, engagement strategies, and tips to avoid common mistakes.
• Building Great Presentations	56	Madecraft	Public speaking coach Miche'lle Barry Franco teaches you to refine your message, blend content and storytelling, structure your presentation, and engage your audience with powerful delivery techniques.
• The Story of Business Storytelling	10	Mind Tools for Business	This short-animated video shows you how to use storytelling techniques to improve the quality of your communication at work. Learners will have an opportunity to reflect on how they've used commercial storytelling in the past and to explore techniques which will allow them to develop their skills in this area.
• Science of Storytelling Will Storr	15	Blinkist	This summary of <i>The Science of Storytelling</i> reveals how to craft a gripping narrative using psychology and neuroscience, including tips on creating flawed characters and using stimulating detail.
• Essential Elements of Effective Public Speaking	25	The Jeff Havens Company	In this course we cover all of the major elements of how to effectively speak in front of an audience –structuring your presentation, telling a good story, using your body, modulating your pitch and inflection, recognizing key differences between live and virtual presentations, and a few other things.
• TED Public Speaking Tools 7 Storytelling	6	TED	Part of the TED Public Speaking Tools series, the “Storytelling” lesson teaches you how to harness the power of stories to increase your connection with your audience. The lesson explains how and when to work compelling stories into your presentation, and what helps to make a story compelling in the first place.
