Build A Diverse Team

absorb

Title	Duration (minutes)	Author	Course Description
• How to Build a Strong and Successful Team	15	The Galvanizing Group	Extraordinary results come from teams working toward a common goal. This course teaches leaders how to foster connectedness and build better workplace relationships to enhance team performance.
• Developing Diverse Teams	50	Vubiz	Understanding diversity is key to building effective teams. This course not only outlines the strengths of diversity, it provides a practical guide to building teams with people from different backgrounds. Learn how to evaluate your team's strengths and weaknesses, decide when to apply formal and informal team building techniques, and improve your team's ability to think strategically.
• Team Building: Uniting a Diverse Team	5	On This Topic	Justin Su'a shares how a player united a culturally diverse team, highlighting strategies to bridge gaps in culture, language, and hobbies. You'll learn to analyze your strengths to unite your team and the importance of a common goal.
• Diversity: The Beauty of a Diverse Team	3	On This Topic	In this course, star quarterback and Super Bowl Champion Bernie Kosar explains how the diversity of his various teams contributed to their success. You'll discover how a variety of perspectives add value to a group. You'll also reflect on what you bring to the team. Finally, you'll discuss moments when your team members have learned from each other.
• Team Building: Build Connectivity to Build a Team	3	On This Topic	Mark Schlereth teaches servant leadership, teamwork, and embracing the human element. You'll learn how a connected team strengthens relationships and discover simple solutions to enhance team connectivity.
• Build a tower, build a team | Tom Wujec | TED Talk	7	TED	Tom Wujec uses the "marshmallow problem" to explore common collaboration issues and strategies for improving teamwork. He compares typical and successful group approaches, offering insights into better collaboration and creativity
• Why Diverse Teams Win	5	Mindscaling	Teams with diverse ethnicities, genders, and ages boost creativity and productivity. This course teaches the value of diversity and how to avoid cultural conformity in building your team or network.
• Manage Culturally Diverse and Globally Distributed Teams	60	The Expert Academy	This course equips you with the skills to manage global, distributed teams effectively, boosting morale and overcoming any obstacles.
• Building High Performing, Collaborative, Hybrid Teams	50	7 Dimensions	Building High Performing, Collaborative, Hybrid Teams is a course designed to inspire leaders to build and maintain stronger more effective teams that work collaboratively and are more successful. In this course psychologists Eve Ash and Peter Quarry discuss ways to build high performing, collaborative, hybrid teams.
• A Manager's Guide to Building Teams Inclusively	47	Madecraft	In this course, your instructor Lia Garvin, a tech industry veteran and executive coach, will walk you through how to embed inclusion into the everyday ways your team operates. You'll do this by developing the three conditions that have the biggest impact on people's experiences while on a team: access to information, being encouraged to take risks, and feeling recognized for their work.
