

Absorb Learner Interface

Portal Specifications

Welcome to Absorb!

Customizing a portal to match your brand look and feel is the first step to making this portal your own.

To get started, we need guidance—and a few creative assets—to ensure the design is just right. Please read the below and supply the complete list of images and direction we need to get started.

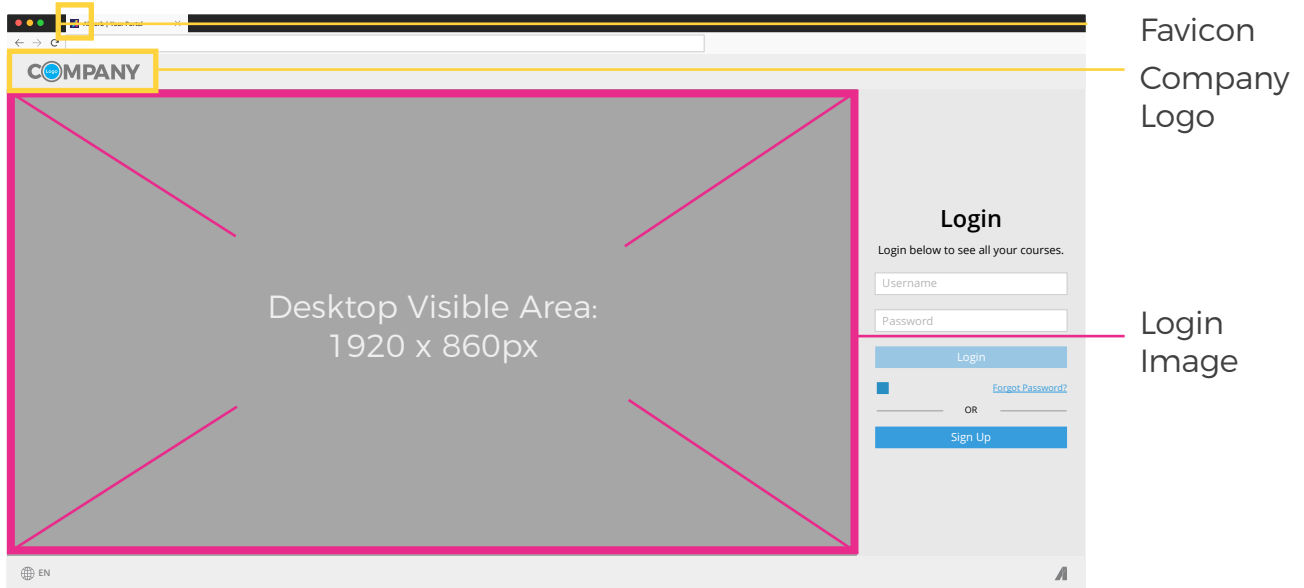

What We Need:

Compatible file types are JPG or PNG, unless otherwise indicated. Image sizes suggested here are the recommended size to best fit the space.

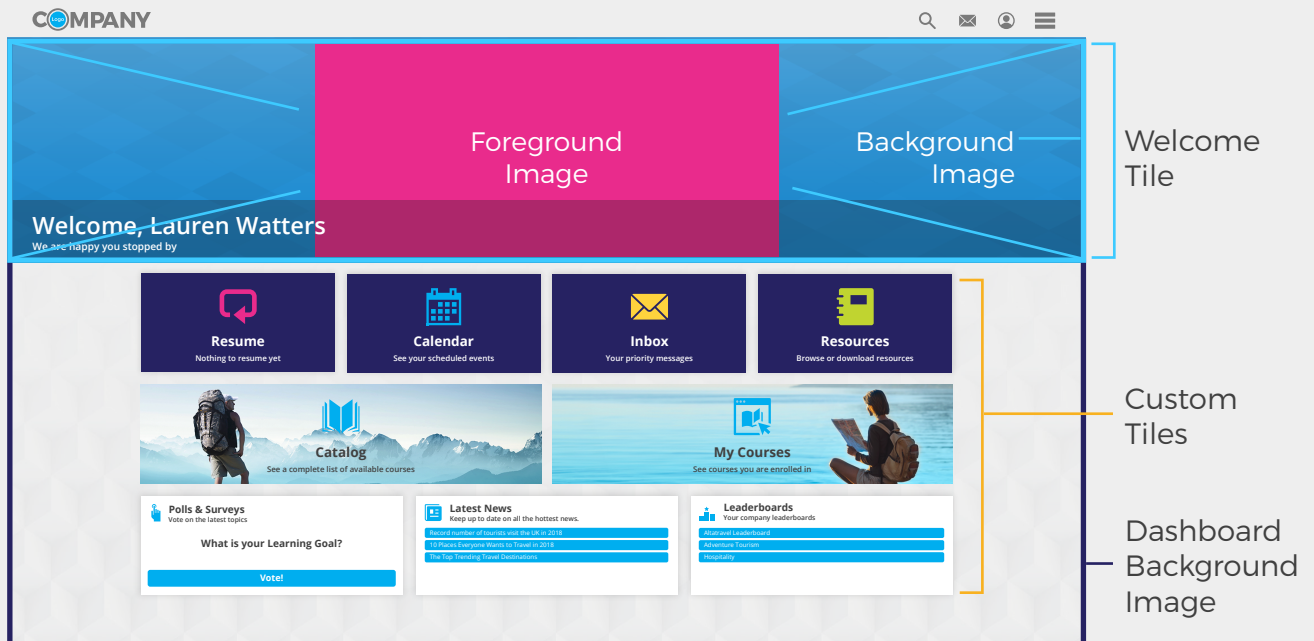

- **Company Logo** (Max. 200 x 54px)
 - Compatible file types: JPG, SVG or PNG
 - Please send color and black & white versions
- **Branding Guidelines**
- **Color Palette**
- **Favicon** (16 x 16px)
- **Login Image** (1920 x 1200px)
 - Desktop visible area: 1920 x 860px
- **Welcome Image**
 - Background: 1920 x 360px
 - Foreground: 768 x 360px
- **Billboard Images** (950 x 360px)
 - Only for Mercury Portals
- **Dashboard Background Image** (1920 x 360px)
- **Tile Icons** (60 x 60px)
 - Compatible file types: PNG or SVG
- **Tile Background**
 - Image size varies based on number of tiles per container and browser width.
 - Small Tiles: 320 x 160px
 - Big Tiles: 1280 x 320px
- **Inner Pages Banner** (1920 x 360px)
- **Course Details Image** (1920 x 360px)
- **Course Poster Image** (720x300px)
- **Menu Icons** (24 x 24px)
 - Compatible file types: PNG or SVG

Where Creative Will Be Used:

Login Page

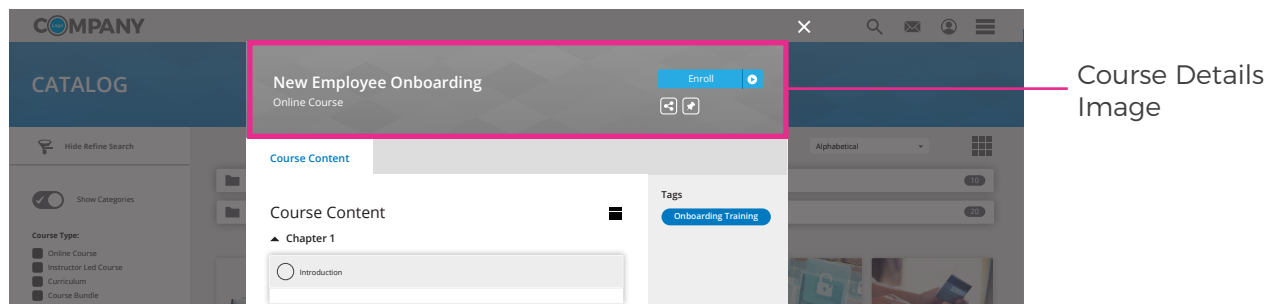

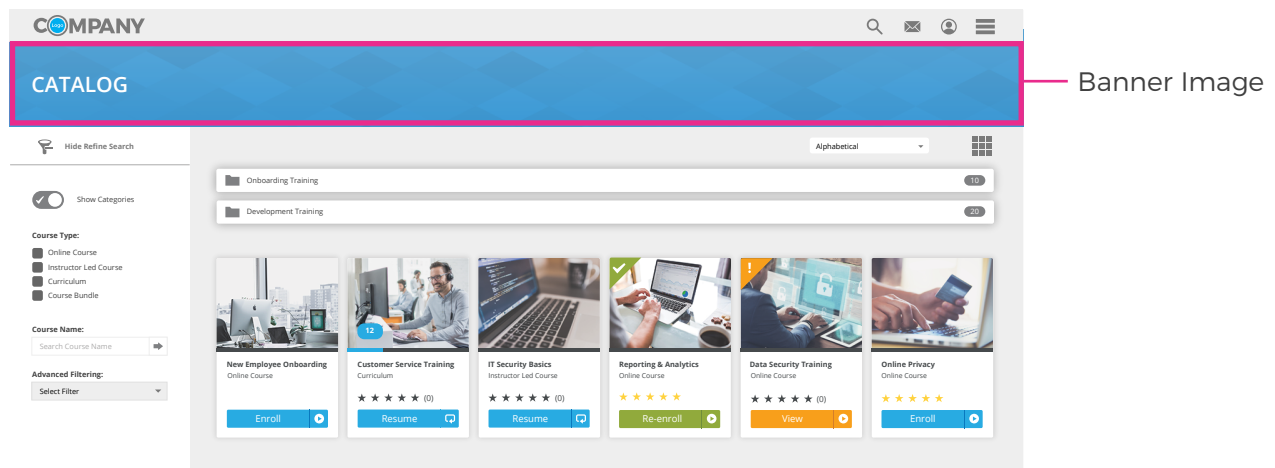

Dashboard Page

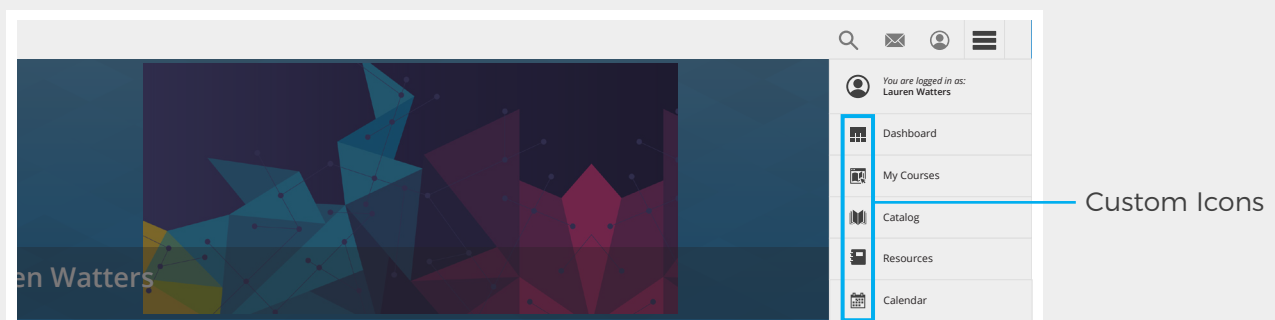

These tiles are customizable! Tell us which you want to keep –and provide the links– and we'll get that ready for you.
